

Dear Manufacturer,

Gainwell Technologies, on behalf of the State of Missouri, MO HealthNet Division, invites you to submit competitive pricing for their Diabetic Supply Program (DSP). New contracts for preferred manufacturers will start **April 1, 2023** and expire on **March 31, 2024**.

Diabetic supplies being solicited include, but are **not limited** to:

- Blood glucose/ketone meters
- Lancets and lancet devices
- Blood and urine glucose and ketone testing strips
- Continuous glucose monitors (CGMs)
- Insulin syringes
- Pen needles
- SMART pen devices
- Tubeless insulin pumps
- Other products used in the testing and/or administration of diabetic treatments.

Please find the following attached documents:

- 1) A letter from Josh Moore, Pharm.D, Director of Pharmacy, State of Missouri, MO HealthNet Division
- 2) The MO DSP Offer Form to be used for all Diabetic Supply Product bidding
- 3) The Missouri HealthNet Diabetic Supply Rebate Agreement with Addendum A to the Rebate Agreement*

***Please Note: The Diabetic Supply Rebate Agreement and Addendum A are attached for REFERENCE ONLY – once an offer is accepted by the State, Gainwell Technologies will create the contract and submit to the manufacturer for review and contract execution**

- All rebate offers may be submitted utilizing the Offer Form attached and sending directly via email to sandy.kapur@gainwelltechnologies.com.

All bids will be acknowledged with a return email confirming receipt within 48 hours of receipt.

Please save the Offer Form file to your local PC and follow the instructions for the completion and submission of the form. All best and final supplemental rebate offers must be submitted to sandy.kapur@gainwelltechnologies.com by:

5:00 p.m. EST on Friday, October 14th, 2022

All rebate offers should be submitted at a Net Cost per Unit (**NOT PER PACKAGE**). The Net Cost formula is described in both the Rebate Agreement and Addendum A. An offer for preferred status, regardless of the status of other products, must always be submitted. In addition, the State is also interested in reviewing exclusive and restricted positioned offers.

It is requested that manufacturers use one contact person for all questions and communications regarding this process.

Thank you for your continued participation and support of the State of Missouri, MO HealthNet's Pharmacy Programs.

Thank you,

Sandy Kapur
